CERTIFICATE OF SOCIALLY USEFUL ACTIVITIES

The online learning platform Practicum by Yandex would like to thank Maksim Omelchenko for their collaboration as a Tutor at the "Android Developer" professional training course.

As a Tutor Maksim Omelchenko:

- Supervises student cohorts.
- Prepares and hosts learning webinars for students.
- Conducts individual and group tutoring sessions for students.
- Supports and motivates students.

Over the course of their collaboration with Practicum by Yandex, Maksim Omelchenko has been receiving high scores and positive feedback both from students and the team, demonstrating excellent knowledge and professional skills.

As a Tutor at the "Android Developer" professional training course, Maksim Omelchenko makes a significant contribution to the learning process and the whole education project, as well as promotes further development of the IT industry in the country.
